TEAM CLASSIFICATION

We strive to make competitive match ups and place all teams in the bracket that allows them to have success and be challenged. We match teams with equal historical success and length of time together in order to assist us in creating a level playing field. Please help us promote fair competition by providing an honest evaluation of your team using the definitions as a guide.

Team Name

Grade Level of Players

Single A - This classification should be used if your team is comprised of kids from the same community and your overall record in the past has been below .500 consistently. You do not travel much, mainly local tournaments and leagues. You have never won a tournament of 4+ teams. This is the lowest level of competitiveness.

Double AA - This classification should be used for teams with records that hover around .500. Most of your players are from the same community but you have a few players from neighboring communities. You may have won a 4+ team tournament but that is not the norm. You travel some but most of your play is close to home. Most teams will classify at this level.

Triple AAA - This classification is for teams that consistently win and their record is .625 or better. You reach tournament championships on a consistent basis. You are generally competitive in every game you play and you travel outside of your area. You generally expect to have the opportunity to play in the championship round at most tournaments.

How long has the core of this team been together? (Example - since July draft, Oct. 1 tryouts, 2 yrs.) _____

Mail this form along with your completed registration and registration fee to the address below:

Mike Garrett

2G Sports Corp

1650 Graystone Lane

Zionsville, IN 46077

Hotel Reservations

Indy Crossroads Championships is a "stay to play" tournament. In order to participate in the tournament, all teams travelling a distance of 90 miles or more are required to book their lodging through our partner Visit Indy (Indianapolis Convention and Visitors Bureau). Visit Indy has secured specially discounted hotels rooms at some of the best hotels in the area.

Teams will be given choices of hotels in the area where they are playing. The discounted room block rates are lower than teams can obtain directly through the hotels and booking websites.

*** Your team MUST be registered for the tournament and tournament fee be paid in full before you are eligible to book your lodging.**
